NOTES TO FINANCIAL STATEMENTS

1. Nature of operations and summary of significant accounting policies

Nature of Operations

Screen Capital Securities, LLC (the "Company") was formed on July 18, 2007 as a Delaware limited liability company. On September 14, 2009, the Company was approved as a registered broker-dealer with the Securities and Exchange Commission ("SEC") and member of Financial Industry Regulatory Authority ("FINRA").

The Company was formed to perform consulting and fundraising activities for media-focused entities that may be structured as corporations, LLCs or partnerships. The Company may consult on the most effective and efficient capital structure that would include securities such as debt, equity and preferred stock. Mergers and acquisitions ("M&A") will not be the Company's primary business, but will occasionally be the best option to raise capital or divest entities, business lines or other assets. In general, prospective M&A transactions and clients will be identified through business contacts of associated persons of the Company. The Company's consulting services will consist of soliciting the terms, performing due diligence on specific deals, negotiating investor terms, developing presentation materials on behalf of issuers and selling shareholders, and hiring new employees for its consulting clients. The Company may assist clients in the sale or combination of their businesses with others.

Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

These financial statements were approved by management and available for issuance on January 31, 2015.

Income Taxes

The Company is a limited liability company, and treated as a disregarded entity for income tax reporting purposes. The Internal Revenue Code ("IRC") provides that any income or loss is passed through to the member for federal and state income tax purposes. Accordingly, the Company has not provided for federal or state income taxes.

At December 31, 2014, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Company remains subject to U.S. federal and state income tax audits for all periods subsequent to 2010.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Advisory fees are recognized as earned according to the fee schedule stipulated in the client's engagement contracts.

NOTES TO FINANCIAL STATEMENTS

2. Member's equity and common control

The Company is owned by its sole member and is under common control with other related entities. The existence of common control could result in operating results or financial position of the Company to be significantly different from those that would have been obtained if the entities were autonomous. The sole member has agreed to provide capital contributions to the Company as necessary for it to continue as a going concern and to maintain compliance with minimum net capital requirements.

The debts, obligations and liabilities of the Company shall solely be the debts, obligations and liabilities of the Company and the sole member shall not be obligated personally for any such debt, obligation or liability solely by reason of being a member, except for any debts, obligations and liabilities that may arise from a regulatory agency.

3. Related party transactions

The Company has an administrative services agreement with an affiliated entity. In accordance with this agreement, the affiliated entity bears certain operating costs and expenses which are initially paid by the affiliate and subsequently reimbursed to the affiliated entity. During the year ended December 31, 2014, the Company reimbursed \$93,750 to the affiliate for these costs and expenses.

4. Net capital requirements

The Company, as a member of FINRA, is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1, and that equity may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2014, the Company's net capital was \$16,300, which was \$11,300 in excess of its minimum requirement of \$5,000.

5. Guarantees

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others.

The Company has issued no guarantees at December 31, 2014 or during the year then ended.

6. Commitments and Contingencies

Commitments

The Company had no commitments, no contingent liabilities and had not been named as defendant in any lawsuit at December 31, 2014 or during the year then ended.

NOTES TO FINANCIAL STATEMENTS

7. Recently Issued Accounting Pronouncements

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" or "ASC") as the authoritative source of generally accepted accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs")

For the year ending December 31, 2014, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has reviewed the following ASU releases to determine relevance to the Company's operations:

ASU Number	Title	Effective Date
2013-02	Comprehensive Income (Topic 220): Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income (February 2013).	After 12/15/13
2013-11	Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists (July 2013).	After 12/15/14
2014-08	<i>Presentation of Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360): Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity (April 2014).</i>	After 12/15/14
2014-09	Revenue from Contracts with Customers (Topic 606): Revenue from Contracts with Customers (May 2014).	After 12/15/17
2014-15	<i>Presentation of Financial Statements—Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern (August 2014).</i>	After 12/15/16

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

8. Subsequent events

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

Report of Independent Registered Public Accounting Firm

We have reviewed management's statements, included in the accompanying Assertions Regarding Exemption Provisions, in which (1) Screen Capital Securities, LLC. identified the following provisions of 17 C.F.R. § 15c3-3(k) under which Screen Capital Securities, LLC. claimed an exemption from 17 C.F.R. § 240.15c3-3(k)(2)(i) (the "exemption provisions") and (2) Screen Capital Securities, LLC. stated that Screen Capital Securities, LLC. meets the identified exemption provisions throughout the most recent fiscal year without exception. Screen Capital Securities, LLC.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Screen Capital Securities, LLC.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
